

VOLUME XIV.

THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON,
PROPRIETORS.

Under the Name and Firm of, Rufus King & Co.

MILWAUKEE:
Monday Morning, March 23.

For Chief Justice of the Supreme Court;

EDWARD V. WHITON.

ELECTION, TUESDAY, APRIL 4.

Gov. Geary and the Administration.

It will be seen by our telegraph despatches, that Mr. BUCHANAN excused himself to a horde of office-beggars, on Saturday, upon the plea that the Cabinet were about to meet and deliberate upon one of the most important subjects ever brought to the attention of Government, to-wit, the resignation of Gov. GEARY, caused by the state of affairs in Kansas. The action of the Administration upon this question will be looked for with impatient interest by the whole.

The Milwaukee Appointments.

We hear nothing further in regard to the Federal appointments for our city and State. The report to which alluded some days since, is now generally regarded as without foundation.

Meantime the *in* and the *out* are alike in an unpleasant state of transition.

The Dr. & Mr. Buchanan.

The good work of connecting our city with the Mississippi goes steadily on.

The rails were laid to within six miles of Prairie du Chien on Saturday night.

Two weeks more of good, working weather will see the track finished, and by the 10th or 12th of April our Pioneer road will be opened through to the Mississippi!

The Charter Election.

Two weeks from to-morrow our Annual Charter Election takes place. With the rapid growth, increasing trade and augmenting wealth and prosperity of our city, the reasons for its better government become more and more urgent.

It would be superfluous to say, what our readers all know, that the administration of our city affairs, for a year or two past, has been at all times costly and inefficient and too often profligate and corrupt.

It is a notorious fact, that, in the face and eyes of the Charter, Alderman and other city offices have been interested in and have derived large profits from, contracts for different works of public improvement.

To what extent this has been done, what the aggregate yearly expenditure for city purposes; what the details of that expenditure; what the present amount of the outstanding city debt; and other matters which every tax-payer ought to know, no tax-payer does, know, for the reason that the facts are all withheld from the public eye.

The necessity for prudent Retrenchment and thorough Reform, in city affairs, was never, so urgent as now. We need, more than ever before, an honest, economical, efficient Administration.

The doctrine of "Rotation in Office," of which our Democratic friends prefer to be greatly eminced now, ought to be rigidly enforced.

Let us have a *clean sweep* in all the City Offices.

If the Democratic Party, who have a large and undisputed majority in the city, will undertake the work and select good men to fill the vacant places, so much the better. But if they will not do it, let the people, without distinction of party, take the job in hand and reform the City Government.

The County Judgeship.

Our amiable neighbor, the *New*, seems to take in high dudgeon, our notice of the call upon ALEXANDER SMITH, a Candidate for County Judge, because we saw *him* in the same connection, to express our preference for the present incumbent of that office, Mr. BYRON PARKER. The *New* makes that preference the occasion for a party and partisan attack upon Mr. PARKER, which will only serve to commend that gentleman still more to the good opinions of all right-thinking men.We are quite sure, the *New*, to the contrary notwithstanding, that neither Mr. SMITH, Mr. CAXTON, Mr. DORAN, or Mr. CONSON, who are Candidates for the same office, will contest our opinion that Mr. PARKER is entirely competent to the discharge of his duties and eminently worthy of public confidence and respect. With all other issues, we hope that this important election will be disconnected.

The New Test of National Democracy.

The Washington *Union*, the recognized organ of the National Democracy and the spokesman for the new Administrations, publishes, under cover of a letter from New York, the following plan for re-organizing the so-called Democratic party:

"I am informed on good authority that we are to have a new Democratic political organization in this State. It is to be national in its aim, and to keep close of all local matters. Our political associations are now somewhat disorganized, and the reorganization is to be national, and to be to the fullest extent, 'State Rights' in its creed. The work of 1850 has commenced."

The public mind, astirred, maled, deceived, is to be set right on the great Democratic issue, and to be made to understand its true import and drift.

No man will belong to this new organization who does not plant himself fully on the Nebraska doctrine, and accept the *owed* *right* *due* *in* *the Supreme Court decision in the Dred Scott case*."Northern Doughfaces, it appears, are not yet sufficiently astirred and humiliated to satisfy their Southern task-masters. They are to be required to get down a little deeper into the dirt, and crawl on their faces to the foot of the Slave Power. Henceforth, no man is to be recognized as a *Dough*, by the Southern autocrats who rule the party, unless he consents to the extension of Slavery and "AUGUSTUS THE GREAT LAID DOWN IN THE SUPREME COURT DECISION IN THE DRED SCOTT CASE."That decision, if we are not misinformed, is rejected, as law, by nearly every member of the Milwaukee Bar, without distinction of party. Democrats, Republicans and Know Nothings unite in snatching the false propositions, the sensible arguments, and the apocryphal authorities of Mr. JUSTICE TANKE, and yet the Union sets up its decision like a *Pyro* Geister's cap, for every democrat in the land to bow down and worship, on pain of political excommunication! How many of the Friends of Wisconsin are prepared to submit to this last and lowest degradation? How many of them will accept the name and wear the livery of "Democracy," coupled with such humiliating conditions?Our exchange list has been exchanged, and we have to contend with our own hands. We have to be reading our daily, for along while, to many weekly publications without making any charge. Hereafter we will send to such papers of this kind, as may desire, it provided they will pay the difference between our price and that of the *New*. This we can do under the circumstances. Several of our daily exchanges shall be compelled to cut off entirely. These of our weekly exchanges that desire to have our daily on the terms named above, will please to make application to us.

The State Fair.—The people of Janesville are moving in earnest to receive the location of the next State Agricultural Fair at that place. We understand that the Society has offered to give them the location at \$1,000, raised for fitting up the grounds. The proprietors of the Novelties Works propose to put up one of their 100 horse power engines, to drive the machinery they can purchase best.

Lands not to be RESTORED to MARKET.—In reply to a petition forwarded from La Crosse, through C. K. Lord, the Register of that district, asking that certain lands be put in market again, Mr. Hendricks, the U. S. Commissioner, replies that "it is not practicable to restore any portion of these lands until the court adjourned until Tuesday the 21st day of April, A. D. 1857.—*Madison Journal*.Argus, BIRDE STEAMER.—We learn that Messrs. Tunk and Morris have taken an interest with Mr. Tremmel, in the steam tug *Osgood*, and have sent a party of men down the *Mississippi* to the former, \$3,00 per annum for the latter. We propose to commence on the new plan, the 1st of April, and where not otherwise advised, or requested, will send our *Weekly*, instead of the *Daily*, or *Tri-Weekly*, in exchange for all other weeklies now on our list.

Our Post Office & DISTRIBUTING OFFICE.—We learn by private dispatch received this afternoon from Washington, that the Post Office of this city has been made a distributing office.

MILWAUKEE DAILY SENTINEL, MONDAY MORNING, MARCH 23, 1857.

Well said.

The Buffalo Commercial *Advertiser*, one of the best determined opponents of the Republican party, thus speaks, in relation to the Dred Scott case, in the Supreme Court, and the almost simultaneous resignation by Gov. Geary, of his office in Kansas:

The extra judicial decision of the Supreme Court, in which high tribunal overstepped the limits of their duty, and made an excursion into the domain of party politics, has inflicted a severe blow upon their decaying opinions. It is a party which is with us, and is reinforced by the numbers of thoughtful men, who, though they make no noisy demonstrations, have taken their ground, and will maintain it to the end.

Close upon this inauspicious decision, it is stated by the *Advertiser* that Gov. Geary, is not supported by the general government in his efforts to maintain order. There is a bad state of things in Kansas. Mr. BUCHANAN must and will end it at once, or his administration will be disgraced. The *Advertiser* has no doubt that this is the case.Close upon this inauspicious decision, it is stated by the *Advertiser* that Gov.
